

Research Project: The People who Shape our World

Throughout history there have been many people who have made a difference in the lives of others.

These people have helped to shape our world in many different ways.

Your Task:

Using books and the internet you must find answers to the following questions:

- Where and when did the person live?
- What qualities did this person have? (e.g. kind, patient)
- What did the person do to make a difference in the lives of others? (e.g. teach, campaign)
- Why did this person want to make a difference in the lives of others? (e.g. religious reasons, personal reasons)
- What do *you* think about this person and the differences they made. Write 100 words explaining what you think and why.
- Find relevant pictures to include in your magazine article.

When you have found this information you must write it down in your own words. Your work will be put together with your classmates to make a magazine about people who have shaped our world.
